Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Tuesday 04 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A cold night for most, showers possible toward the coast.

This Evening and Tonight:
Any remaining showers easing toward the coast through the evening. Then a dry and largely clear night with a widespread frost inland. Slightly cloudier and milder along coastal areas, where further isolated showers are possible. Minimum temperature -2 deg C (28 deg F).

Wednesday:
A cold and clear start leading to a bright or sunny day with scattered showers. Showers perhaps falling as sleet or snow over the higher hills. Showers easing later. Maximum temperature 10 deg C (50 deg F).

Outlook for Thursday to Saturday:
Band of heavy showers moving south on Thursday, wintry over hills. Sunny spells and showers on Friday. A bright start Saturday, then wet and windy. Some overnight frosts.
